

## Chiltern Cross Country League

### Photography Policy

We recognise that it is impossible to monitor people using their mobile devices for taking photographs in public spaces.

Please note that a video camera is stationed at the finish line by Results base, and this is solely for the purpose of producing accurate results in the event of a query. The images captured will not be available to anyone other than the results team.

We do allow photographers such as Barry Cornelius to take photographs of U17 races and above and we would like to refer all clubs and athletes to the following:

As in previous years Barry Cornelius ([www.oxonraces.com](http://www.oxonraces.com)) plans to take photographs of the U17/U20/Senior and Veterans races, for publication on his website and for possible use by the press.

You will be able to continue to download his photos free of charge.

If you do not want your image to appear as a significant part of any photograph that he publishes on the web or provides to the press, you should put a large thick red cross across your race number.

If you are under 18, please ensure that your parent/carer is happy for photos taken of you at a race, to be published on the web. If you or your parent/carer do **NOT** wish photos to be published on the web, please ensure that there is a large thick cross on your race number.

Red markers will be provided at Race HQ for this purpose.

**September 2018**
